

## **Home & Social Development Linkage Group Meeting Outcomes**

**Facilitator: Tracy McElligott, PPN Representative/Moyross Residents Forum**

**Zoom Online June 16th 2021**

- One of the main issues discussed was the need to continue to engage with and educate council tenants on energy efficiency schemes and home retrofit measures. We need to see the training programme and it needs to be a plain language document as there are increasing calls for further engagement due to increasing energy bills and a perception that there is no gain from these energy efficiencies. Reports of tenants turning heating off to keep costs down and being unsure of how to use it.
- A discussion was had around the Dev Plan and the green zoning of Pineview Gardens and the Moyross Partners call for Pineview to be rezoned back to residential as 71 families (205 individuals) continue to reside in houses in Pineview Gardens or 10% of the population of Moyross. PPN to consider writing to Vincent Murray / Seamus Hanrahan about this issue.
- Discussion was had around mixed tenure housing and ongoing need for delivery of social and affordable housing in the city. 100 new homes planned for Moyross since 2014, which have yet to be delivered.
- Ongoing frustrations with HAP.
